

QUADRAN

Designer

Martin Drechsel

Technical characteristics

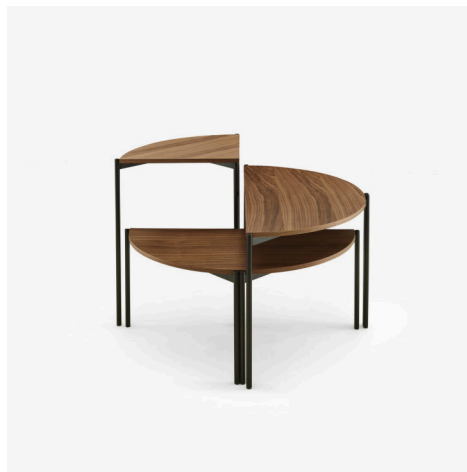

Quadran is a set of 3 modular low tables, elegant and refined thanks to its walnut veneer finish and black lacquered steel base, sometimes doubled at the back of the lower parts, like a visual signature.

Thanks to this trio with different proportions but designed to superimpose together, a low table takes shape with the 2 semi-circles of different heights, and a corner table that can be used as a side table or sofa-end table. Set of 3 independant tables, black lacquered steel base, walnut veneer MDF tops, natural varnish. Low model - H 28 x 66.2 x 33.1 cm, Medium model H 38 x 70 x 35 cm - Corner model H 48 x 48.9 x 33.6 cm.
